Superintendent's Remarks:

- The Naval Academy continues to enroll, develop and graduate extremely well rounded individuals to serve as officers in the Naval Service. The Superintendent is highly supportive of the International Programs Office's Language Proficiency, Regional Expertise, Cultural Awareness (LREC) Program of which our great class supports through contributions to the USNA Foundation. His goal is to enable 475 Midshipmen to participate in the program each year. Currently 275 receive the opportunity. The class of 2003 is making a difference for those Midshipmen!
- With an overall graduation rate of 88.3, the United States Naval Academy ranks 12th in the country and is the only public school in the top 15 schools in the country.
- Cyber Security Training Facility: The Navy FY15 budget has allocated funding for construction of the USNA Cyber Security Studies building that will be located adjacent to Nimitz Library and Rickover Hall overlooking the Severn River. This new facility will be built starting in 2016 and completed in 2018. To make up for lost parking, a multi-level parking garage will be built over the current parking lot next to Alumni Hall and Worden Field.

Navy Athletics

Ricketts Hall Mantra -

No Excuses! Find A Way To Get It Done!

- Top 10 Graduation Rate
- Winning % = 66
- 158 All Americans!
- 33 Sports and Dozens of upgraded facilities
- Currently in lead for Patriot's CUP
- Under Armor is now the exclusive apparel provider for all Navy Sports.

Your Navy Athletic Association is almost self-sufficient thanks to your support (tickets, concessions, gifts, fundraising, etc). Only 7% of the NAAA budget is supported by government funds.

Army and Air Force Athletics depend largely on government funds and are subsequently jeopardized during budgets cuts and reprioritizations.

In The Works:

- Halsey Field House Renovation
- Golf Course Enhancement
- Prusmack Rugby Facility
- Stadium Expansion (Visitor side club suite)
